

Bassano Legend

by Redazione | beEvents | June 19th, 2017

The 700-year-old Merano, the 130-year-old of **Eberhard & Co.**, the most expensive Ferrari Sport-Barchetta in the world, **Miki Biasion** and Count Paolo Marzotto: the numbers meet the excellence of historic motorism from June 22 to '2017 edition of "The Legend of Bassano", a race of only regularity as it is exclusively reserved for Sport-Barchetta cars built up to 1960, included in the international FIVA and ASI calendar.

The most beautiful cars will meet next week in an appointment not to be missed on **the most beautiful streets of the Dolomites**, leaving and arriving at Bassano del Grappa (VI). The event, organized every year by the **Circuito Veneto Automoto d'Epoca "Giannino Marzotto"**, has recently won the "La Manovella d'Oro Internazionale" award. Eberhard & Co. will be the main sponsor and together with the brand ambassador, the world champion of Miki Biasion rally, will sketch the time of this new challenge between masterpieces of mechanics and design.
